

Dear Principal, Trustee or Property Manager

Thank you for your interest in a Heliocol Solar Pool Heating solution for your school. We look forward to assisting you to make an informed choice regarding a Solar Pool Heating solution by providing site feasibility reviews, product information and costs to install. If required, there are also opportunities available for EECA Crown Loan Funding and/or Solar Group Ltd Sponsorship for Solar Pool Heating for your school – please inquire.

In order that we may conduct a no obligation assessment and provide you with an Indicative cost estimate, we would appreciate some basic information which will assist us to understand your needs and expectations for your particular pool. Please print this form - fill in all shaded fields / circle all applicable
